SPECIAL PROGRAMS/SERVICES
Certain Special programs and Services may be included in your plan: Aetna Navigator™, Fitness, Healthy Outlook, Moms-to-Babies Maternity Management™, National Advantage, National Medical Excellence, Natural Alternatives, Natural Products, Vision One®, and Vitamin Advantage™.

*Non-Participating Provider payments are determined based upon the charge established in Aetna’s Allowable Fee Schedule.

This plan does not cover all health care expenses and includes exclusions and limitations. Members should refer to their plan documents to determine which health care services are covered and to what extent. The following is a partial list of services and supplies that are generally *not covered*. However, your plan documents may contain exceptions to this list based on state mandates.

All medical or hospital services not specifically covered in, or which are limited or excluded in the plan documents; Charges related to any eye surgery mainly to correct refractive errors; Cosmetic surgery, including breast reduction; Custodial care; Dental care and X-rays; Donor egg retrieval; Experimental and investigational procedures; Hearing aids; Immunizations for travel or work; Infertility services, including, but not limited to, artificial insemination and advanced reproductive technologies such as IVF, ZIFT, GIFT, ICSI and other related services, unless specifically listed as covered in your plan documents; Treatment of those for or related to treatment of obesity or for diet or weight control; Medical expenses for a pre-existing condition are not covered (full postponement rule) for the first 12 months after the insured’s enrollment date. Look back period for determining a pre-existing condition (conditions for which diagnosis, care or treatment was recommended or received) is 180 days prior to the enrollment date. The pre-existing condition limitation period will be reduced by the number of days of prior creditable coverage the member has as of the enrollment date; Nonmedically necessary services or supplies; Orthotics except as specified in the plan; Over-the-counter medications and supplies; Reversal of sterilization; Services for the treatment of sexual dysfunction or inadequacies, including therapy, supplies, or counseling; and Special duty nursing.

This material is for informational purposes only and is neither an offer of coverage nor medical advice. It contains only a partial, general description of plan benefits or programs and does not constitute a contract. Aetna does not provide health care services and, therefore, cannot guarantee any results or outcomes. Consult the plan documents (i.e. Booklet, Booklet-Certificate and/or Group Policy) to determine governing contractual provisions, including procedures, exclusions and limitations relating to the plan. The availability of a plan or program may vary by geographic service area. With the exception of Aetna Rx Home Delivery, LLC, participating providers and vendors are independent contractors in private practice and are neither employees nor agents of Aetna or its affiliates. Aetna Rx Home Delivery, LLC is a subsidiary of Aetna Inc. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change without notice.

Some benefits are subject to limitations or visit maximums. Certain services require precertification or prior approval of coverage. Failure to precertify for these services may lead to substantially reduced benefits or denial of coverage. Some of the benefits requiring precertification may include, but are not limited to, inpatient hospital, inpatient mental health, inpatient skilled nursing, and outpatient surgery, substance abuse (detoxification, inpatient and outpatient rehabilitation). When the Member's preferred provider is coordinating care, the preferred provider will obtain the precertification. When the member utilizes a nonpreferred provider, Member must obtain the precertification. Precertification requirements may vary.

Depending on the plan selected, new prescription drugs not yet reviewed by our medication review committee are either available at the highest copay under plans with an open formulary, or excluded from coverage unless a medical exception is obtained under plans that use a closed formulary. They may also be subject to precertification or step-therapy. Non-prescription drugs and drugs in the Limitations and Exclusions section of the plan documents (received after enrollment) are not covered, and medical exceptions are not available for them. Aetna Rx Home Delivery, LLC, is a licensed pharmacy providing mail-order pharmacy services. Aetna's negotiated reimbursement rates with Aetna Rx Home Delivery may be higher than Aetna Rx Home Delivery's cost of purchasing drugs and providing mail-order pharmacy services. In prescription plans with copayment or coinsurance tiers, use of formulary drugs generally will result in lower costs to members. However, where the prescription plan utilizes copayments or coinsurance calculated on a percentage basis, there could be some circumstances in which a formulary drug would cost the member more than a non-formulary drug because (i) the negotiated pharmacy payment rate for the formulary drug may be more than the negotiated pharmacy payment rate for the non-formulary drug, and (ii) rebates received by Aetna from drug manufacturers are not reflected in the cost of a prescription drug obtained by a member.
